## 21 Adult Literacy and Numeracy Levels 1 and 2

### I Introduction

Adult Literacy and Adult Numeracy Level 1 and Level 2 are assessed by external test only, using the same tests as Level 1 and Level 2 Key Skills Communication and Application of Number. Candidates can fallback to Adult Literacy and Adult Numeracy Level 1 and Level 2 from Key Skills if they do not successfully complete their portfolios; please see part 8 of this section of the Information Manual for further information.

Adult Literacy and Adult Numeracy Level 1 and Level 2 are now on Section 96 and available for pre-16 pupils.

#### 1.1 Onscreen testing

Centres are also able to access tests for Level 1 and Level 2 Literacy and Numeracy, on demand, by using our onscreen testing system. This system is installed free of charge and centres receive results immediately after the tests are completed. Please see the Onscreen Testing section of this Information Manual for further information.

## 2 Registration Procedures

The registration deadline is 31 August 2012. You are not required to register your candidates until you are ready to make an entry for them. However, all candidates must be registered before, or at the time of making an entry.

The process of registration is free for Adult Literacy and Adult Numeracy Level 1 and 2 candidates. Fees for paper based tests will be charged when test entries are submitted. Fees for onscreen tests will be charged when the test is taken.

To prevent the generation of duplicate registration numbers centres must ensure that all candidates' details are entered in exactly the same way as they were upon initial candidate registration with Edexcel.

Please refer to the Vocational Registration section of the Information Manual for instructions on registering your learners.

## 3 Entry Procedures

The entry methods for paper-based tests are listed below. For onscreen entry procedures please see part 13 of this section of the Information Manual.

### 3.1 Electronic entry methods

#### EDI

Centres may make entries via EDI in both EDIFACT and JCQ Formats.

#### Edexcel Online

All candidates will have to be registered in order to use this facility. However, they can be registered online at the same time as you make your entry.

You can make entries using Edexcel Online by either entering candidates directly online or by attaching an eSAI when uploading your entries.

Successful completion of entries will be confirmed immediately onscreen, and this confirmation can also be printed off.

We recommend that centres check their entries (using the Entry Summary facility on Edexcel Online) to ensure that all entries on our system reflect those on their centre's records. This can be done by selecting 'Entries', then 'Entries Summary', and selecting the appropriate session.

### eSAI

The eSAI is an electronic entry form which can be downloaded from the KeySkills/ALAN homepage (indicated by the KS/ALAN tab) on Edexcel Online. It may be created from information on your CMIS system and **must** meet the requirements listed in the eSAI paragraphs of this section of the Information Manual. The completed eSAI can be uploaded onto Edexcel Online.

## 3.2 Amendments and withdrawing entries

### EDI

You can amend your entries via EDI up to the appropriate electronic entry and amendment deadline.

### Edexcel Online

You can amend your entries via Edexcel Online up to the appropriate electronic entry and amendment deadline. Once this deadline has passed you will not be able to make any further withdrawals or amendments on Edexcel Online.

## 3.3 Late entries

Once the respective entry and amendment deadline has passed you **will not** be able to make any further entries, withdrawals or amendments via EDI or Edexcel Online.

If you wish to request additional entries please contact the Edexcel Customer Service team. We will try to accommodate your request, but it may be the case that we are unable to process your late entries.

**Any entries made after the entry deadline will be charged at double the test entry fee.**

If a candidate has not been entered, but completes a test, then their entry is referred to as a post-examination entry. If Edexcel receives any post-examination entries the entries will be made on behalf of the centre and test results will be processed.

**Post-examination entries will be charged triple the test entry fee.**

Please also see the Fees Information on the Edexcel website.

## 7 How to use the eSAI

### 7.1 Completing the eSAI

Download the eSAI template from the Key Skills/ALAN homepage on Edexcel Online. The eSAI should be saved on your personal drive so this can be accessed easily at a later time.

Once the eSAI has been saved it is now ready to be populated with the candidates' details for which you wish to make an entry.

	A	E	C	D	E	F	G	H	I	J	K
1	Centre's Reference Only	Student's Forenames	Student's Surname	Gender	Date of Birth	ULN	Entry 1	Entry 2	Entry 3	Entry 4	Entry 5
2	no more than 10 characters	no more than 20 characters	no more than 30 characters	M or F	DD-MON-YY	10 characters					
3											
4											
5											
6											
7											

The following rules must be observed when completing the eSAI to enable quick and easy processing:

- only one row should be used per candidate. Where there are multiple entries, these should be specified in 'Entry 1', 'Entry 2'... up to 'Entry 6'
- entry codes must be correct Adult Basic Skill unit entry codes, as specified in this Information Manual
- student's forename, surname, gender and date of birth should be specified in the format shown. Where entries are being made for previously registered candidates, all details must be stated in exactly the same way as for the initial registration. Failure to do so will result in candidates being issued with a duplicate registration, leading to problems with certification.

Note: Should you only wish to register candidates using the eSAI, do not complete the entry type fields. Only the student forename, surname and gender fields should be filled.

## 7.2 Unique Learner Number (ULN)

The ULN is a learner identifier that is allocated by the government agency LRS (Learning Records Service) and is used in the aggregation of learner results across awarding bodies for the Diploma qualification.

Edexcel is able to accept the ULN in EDI entry, amendment and registration files. We also plan to accept the ULN through any entries/registrations made through Edexcel Online. The ULN must be provided with any learner registrations or entries where the qualification or unit concerned is to be used as a component of a Diploma, in order that Edexcel can provide the learner's achievement data to the Diploma Aggregation Service (DAS).

It is not necessary for you to provide the ULN with entries or registrations for learners who are not taking Diplomas.

The ULN is a 10 digit number and it is important that you validate the ULN against the central Learner Registration Service (LRS) before submitting the learner's entry/registration to Edexcel. Please ensure that the personal details (name, gender and date of birth) being provided with the learner's entry or registration match exactly the details on the LRS. Edexcel will check the ULN against the LRS and if there is a mismatch the ULN will not be accepted and a query will be raised with you.

For further information about the ULN, and to find out how to obtain ULNs for your learners, please refer to the LRS website [www.learningrecordsservice.org.uk](http://www.learningrecordsservice.org.uk).

Once you have finished completing the eSAI save a copy to an accessible drive on your pc.

## 8 Fallback

---

### 8.1 Transfers from Key Skills to Adult Literacy and Adult Numeracy (Level 1 and Level 2)

Centres may transfer Key Skills pass test achievement to Adult Literacy or Adult Numeracy qualifications. This is referred to as fallback. Any candidate who has achieved a Key Skills Level 1 or Level 2 test in Communication or Application of Number may fallback to the respective Adult Literacy or Adult Numeracy qualification. He/she must have achieved that Key Skills test within three years of the date of the transfer request.

You can claim the following Adult Literacy and Adult Numeracy certificates with the corresponding Key Skills unit:

Key Skills units	Adult Literacy and Adult Numeracy certificates
Application of Number Level 1 (KA1T)	Numeracy Level 1 (NUM1)
Application of Number Level 2 (KA2T)	Numeracy Level 2 (NUM2)
Communication Level 1 (KC1T)	Literacy Level 1 (LIT1)
Communication Level 2 (KC2T)	Literacy Level 2 (LIT2)

To process a fallback on Edexcel Online follow the steps below:

- 1 Search for the candidate, using either the registration number or name
- 2 Click on 'Details'
- 3 Click on 'Results History' — all achievement will now be listed
- 4 Click on 'Fallback to ABS' — all achievement which is eligible to be converted will be identified. You will then need to accept the details to confirm the transfer.

There is an administrative fee for this service. Please see the Fees Information on the Edexcel website.
