We have listed below our entry deadlines and late fee dates with an explanation of the late fees that are applied. For each exam series you will see the entry deadline, the late fee date, the amendment fee date and high late fee date.

We have also included the dates that basedata will be available on our website ([www.edexcel.com/basedata](http://www.edexcel.com/basedata)). From these dates you will be able to use Edexcel Online to submit entries for the relevant examination series.

If you have difficulties meeting an entry deadline, for example because your MIS has crashed, please contact us and we will support your entry submission. If you require information on EDI, please go to [www.edexcel.com/edi](http://www.edexcel.com/edi).

Please refer to the qualification sections of this Information Manual for subject availability in each examination series.

On receipt of their results for the March 2012 360Science and Mathematics units, students may decide that they would like to re-sit units in the June 2012 series. If so, you may enter the students for re-sits of units that they sat in March 2012. Providing that these re-sit entries are made by 09 May 2012, we will not charge you late entry fees for these entries.

Please submit entries using EDI or Edexcel Online. Edexcel Online is available for use from the time that the basedata is released for a particular examination series.

### Late fees explained

After the entry deadline, late fees will be incurred. From the late fee date, the entry (unit or subject) fee is doubled. The entry fee is trebled after the high late fee date. Amendment fees will be charged if you change a subject option – this can be a change of tier or change of option (papers). You will not incur a fee for changing candidate details (such as name amendments) unless a certificate has been issued.

### Refunds

Any entry fee will be refunded automatically up to the high late fee date. If you withdraw an entry after this date, no refund will be issued without supporting medical evidence.

If a late entry is withdrawn by the high late fee date, only the entry fee is refunded.
