## Notes

### 1. Conduct of Examinations

- **STARTING TIMES OF EXAMINATIONS:** The Mathematics examinations must be taken on the day and at the times shown on the timetable - the published starting time of examinations being either 9.00 a.m. or 1.30 p.m. The 360 Science units may be taken at any time between 9.00 and 1.30 p.m. on the designated day of the unit tests. Candidates with more than one examination in a session should take these consecutively. A *supervised* break may be given between consecutive examinations at the discretion of the centre
- Centres may start examinations earlier than, or later than, the published starting time for the session without prior permission from Edexcel. However, in order to maintain the security of the examination all candidates must start examinations scheduled for a morning session no earlier than 8.30 a.m. and by 9.30 a.m. and for an afternoon examination no earlier than 1.00 p.m. and by 2.00 p.m. except where arrangements have been made for dealing with timetable clashes. No other departure from the timetable is permitted without the prior written approval of Edexcel
- Candidates who take an examination earlier than the published starting time shown on the timetable must remain under supervision until one hour after the published starting time for that examination
- Candidates who take an examination later than the published starting time shown on the timetable must remain under supervision from 30 minutes after the published starting time for the paper concerned until the time when those candidates begin their examination
- When a change is made to the published starting time for an examination it is the responsibility of the centre to inform all candidates affected by the alteration

### 2. Subject specific notes

GCSE Mathematics B (Modular) Two - Tier examinations, specification 2381

- Units 5381F & H: This unit has a section A and a section B component. Section A is a calculator paper and is sat first. Calculators cannot be used for Section B.

- Units 5382F & H: These are non-calculator papers
- Units 5383F & H: These are calculator papers

### **3. Examination results**

- The date for the restricted release of results to centres is **Wednesday 18 April 2012**
- The date for the release of results to candidates is **Thursday 19 April 2012**
