Edexcel's Unrivalled Vocational Offering...

At Edexcel we recognise the importance of listening to our customers – understanding what they need and delivering the best in customer service.

To help raise attainment and to ensure the best possible support for all our qualifications we offer extensive support to centres to help deliver our qualifications.

In this fee list we have included details of all our attractively priced vocational qualifications and the free support services that we offer.

Please be aware that Edexcel's Vocational Qualifications' Fees List 2009/10, is a 'live' document which may be updated to reflect newly introduced / withdrawn qualifications. If you intend to print off a 'hard copy' please ensure it is the latest version number, as specified on the right hand footer of the document.

In the last year we have received over one million registrations across 45 countries for our vocational qualifications.

We remain committed to delivering value for money and advancing learning and changing lives.

BTEC Entry Level registration fees and timelines

The registration fee is a once-only payment. The programme for which the learner registers and the type of registration determine the fee due.

Late registration fees

A late registration fee will be levied on all registrations received after the due date. There is a sliding scale of late registration fees which reflects the escalating costs to Edexcel of accepting late registrations. For programmes following the academic year cycle, late registration fees will be charged according to the key dates below:

- Registrations received between 1 November 2009 and 23 December 2009 will be charged 1.25 X fee.
- Registrations received between 24 December 2009 and 31 January 2010 will be charged at 1.5 X fee.
- Registrations received after 1 February 2010 will be charged at 2 X fee.

Please refer to the BTEC section of the Information Manual for further information.

Invoices

Registrations may be submitted through Edexcel Online or by EDI, JCQ or EDIFACT format. When making your registrations by Edexcel Online or EDIFACT EDI, you can supply an order number of up to 12 characters. This order number will be printed on the invoice to help you to reconcile the invoice with the registrations made. Edexcel reserves the right to withhold certification if fees are outstanding at the time of despatch.

Fees due

The standard fees payable to Edexcel for learners registering from 1 September 2009 are contained in this document. Note: A learner cannot achieve more than one qualification per registration, unless registered on an approved Apprenticeships programme made up of two or more qualifications.

Refund of BTEC registration fees

The registration fee for a BTEC learner will not normally be refunded if he/she withdraws from the programme. The only exception to this is where a learner who enrolled on the programme in September or October 2009 is registered with Edexcel by the appropriate November deadline and withdraws before the end of January 2010. If we receive a request by 31 January 2010 to delete the registration, a refund of fees (as a credit note) will be issued. The request must be made either in writing, by email to serviceoperations@edexcel.com or by submission of a JCQ format EDI amendment file, withdrawing the learner's registration.

BTEC Non-NQF Short Course registration fees and timelines

The registration fee is a once-only payment. The programme for which the learner registers and the type of registration determine the fee due.

Late registration fees

A late registration fee will be levied on all registrations received after the due date. There is a sliding scale of late registration fees which reflects the escalating costs to Edexcel of accepting late registrations. For programmes following the academic year cycle, late registration fees will be charged according to the key dates below:

- Registrations received between 1 November 2009 and 23 December 2009 will be charged 1.25 X fee.
- Registrations received between 24 December 2009 and 31 January 2010 will be charged at 1.5 X fee.
- Registrations received after 1 February 2010 will be charged at 2 X fee.

Please refer to the BTEC section of the Information Manual for further information.

Invoices

Registrations may be submitted through Edexcel Online or by EDI, JCQ or EDIFACT format. When making your registrations by Edexcel Online or EDIFACT EDI, you can supply an order number of up to 12 characters. This order number will be printed on the invoice to help you to reconcile the invoice with the registrations made. Edexcel reserves the right to withhold certification if fees are outstanding at the time of despatch.

Fees due

The standard fees payable to Edexcel for learners registering from 1 September 2009 are contained in this document. Note: A learner cannot achieve more than one qualification per registration, unless registered on an approved Apprenticeships programme made up of two or more qualifications.

Refund of BTEC registration fees

The registration fee for a BTEC learner will not normally be refunded if he/she withdraws from the programme. The only exception to this is where a learner who enrolled on the programme in September or October 2009 is registered with Edexcel by the appropriate November deadline and withdraws before the end of January 2010. If we receive a request by 31 January 2010 to delete the registration, a refund of fees (as a credit note) will be issued. The request must be made either in writing, by email to serviceoperations@edexcel.com or by submission of a JCQ format EDI amendment file, withdrawing the learner's registration.
