Why is there a change in qualification coding?

The regulator has changed the way in which they code NVQs accredited to the National Qualifications Framework (NQF). Instead of the previous system of allocating Q numbers for each NVQ they now allocate a Qualification Accreditation Number (QAN), which consists of an eight figure number. In addition, individual units are no longer allocated a U number, but instead start with a letter and then seven digits.

The new style of coding will run alongside the old, which remains valid in relation to existing NVQ Qualifications and NVQ units that have previously been allocated Q and U numbers.

Edexcel systems will continue to use Q numbers for NVQ approvals and registrations. For qualifications and units allocated QAN codes we will generate unique Q and U numbers, beginning with 'Q5' and 'U5' respectively, these Edexcel codes should be used when completing all Edexcel documentation.

The Edexcel generated codes will not appear on certificates; these will be linked to the NQF QAN codes, which will appear on all certification. All other forms from other bodies relating to NVQs (e.g. for funding) should be completed using the NQF QAN codes.

The qualification accreditation number needed to apply for funding is stated below the new titles on page 1 of this document.

When can we register candidates on the revised Edexcel NVQ programme?

You may register candidates from **1 February 2009** onwards, provided that you have either:

- Received an automatic approval letter
- Received a letter of approval from Edexcel following a full application using the NVQ QA Application Form.

Information about registration arrangements are given in the Edexcel Information Manual which is on the Edexcel website at [Edexcel Information Manual](#)

Can I advertise and market the new qualifications?

Yes, if you have received an automatic approval letter or if you have received your approval letter following submission of the NVQ QA Application Form. If you have applied via the NVQ QA but are still awaiting your formal Approval Letter, then any marketing must make it clear that you are awaiting approval from Edexcel. Candidates must be made aware of the exact, correct title of the qualification they are working towards.

What support materials will be available?

Part Three - NVQ SPECIFIC FREQUENTLY ASKED QUESTIONS AND ISSUES

Why has the NVQ changed?

The occupational standards have been revised in line with legislative updates, therefore the NVQ had to be changed in line with the standards.

What has stayed the same?

Candidates still have to complete a minimum of seven units.

The qualification can be taken by people aged 19 and above in England, 18 and above in Wales and Northern Ireland.

What are the main changes?

The specialist pathways are now:

- CCTV Enforcement
- Display Parking Control
- Barrier and Pay Station Control
- Vehicle Immobilisation
- Vehicle Removal.

Many of the previous units have been retained but have been updated.

The choice of optional units now includes a unit entitled 'Carry out parking and traffic enforcement using CCTV (PKC 21)'.

Additional units also available to learners if required are 'Promote equality and value diversity (AA 1)', 'Liaise with other services (AG 12)', and 'Make sure your own actions within the workplace aim to protect the environment (HSS 7)'.

Will candidates already registered for the existing NVQs be able to transfer registration?

Candidates will not be able to use as part of the structure of the new NVQs any units that they have achieved within the expired NVQs, although they may well be able to use the evidence they have acquired, through the usual APL route. The Edexcel policy on the Accreditation of Prior Learning (APL) is available on the Edexcel website: [Policy on Accreditation of Prior Learning](#).
