3rd August 2009

Dear Colleague

Level 3 NVQ in Health: introduction of two new pathways in endoscopy and pathology support

Skills for Health has introduced two new pathways in the Level 3 NVQ in Health, endoscopy and pathology support. Please see the *Sector Guidance for Centres: Issue 5* for further details as to which units can be taken as part of these two new pathways, which can be accessed from Edexcel's website.

The *Sector Guidance for Centres: Issue 5* (August 2009), for the Level 3 NVQ in Health, supercedes all previous versions. All changes in the *Sector Guidance for Centres: Issue 5* have been indicated with a sideline.

Please note that for the new pathology pathway, the group of work effectiveness units that candidates can choose from differ to the group of work effectiveness units that can be undertaken as part of some of the other Level 3 NVQ in Health pathways.

If you have any queries about this qualification please contact customer services on: 0844 576 0026.

Yours sincerely

Ria Bhatta
Acting Product Development Leader
