

This year we have developed a brand new series of training events specifically developed to help you and your learners get the most out of BTEC. These events have been designed taking into account feedback from you, and include many practical tips and advice on delivery and assessment, example materials, chances to network, as well as practical activities that will allow you to produce and take away something you can use in your centre.

To book your place, make a note of the details of the event you'd like to attend and visit www.edexcel.com/training or call 0844 576 0026
