

June/ July 2011 Sector Bulletin: Hairdressing

SSC news

Habia has confirmed the following five frameworks have been approved for delivery from 27 June 2011:

- Hairdressing
- Barbering
- Beauty Therapy
- Nail Services
- Spa Therapy

The last date learners can be registered onto the 'blueprint compliant' frameworks was 26 June 2011.

As well as having been updated to take into account the SASE requirements, the new frameworks include amendments to how Employee Rights and Responsibilities (ERR) – which is a mandatory requirement for a framework completion certificate – may be evidenced. Edexcel is pleased to announce that Edexcel Level 2 Award in Workskills for Effective Learning and Employment (501/1793/2) is approved to be accepted at both level 2 and 3 in all five frameworks listed above. This qualification is included for free as part of all BTEC Apprenticeship registrations.

Pearson WBL will be attending the Habia SSB Forum on 20th July 2011 and in the next newsletter we will provide an update as necessary.
